1,000+

Partner Organizations

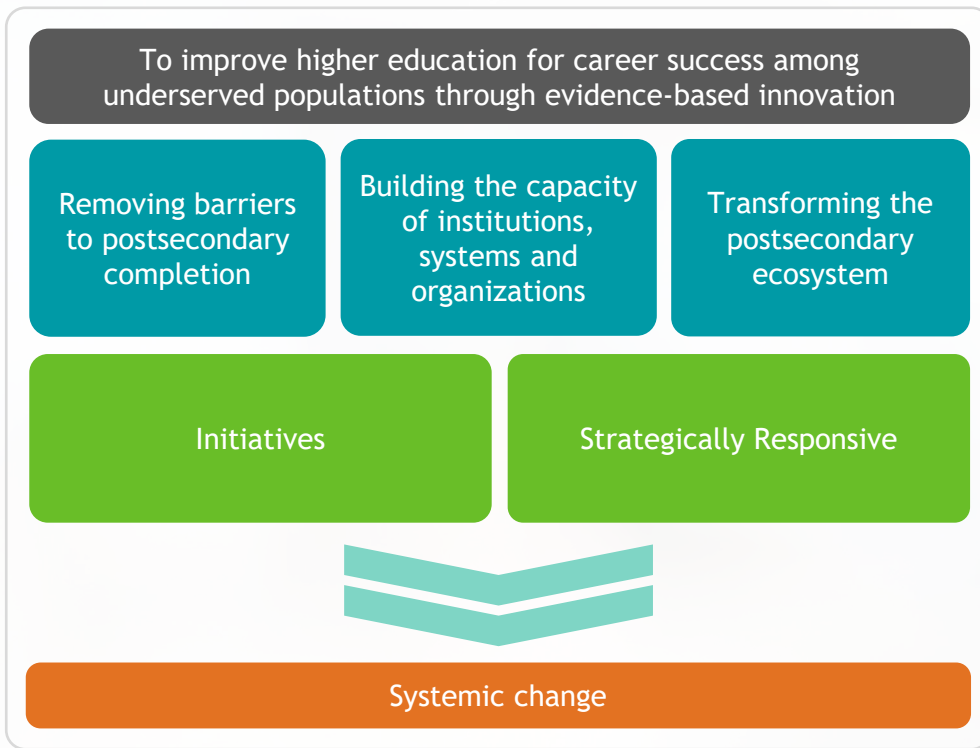

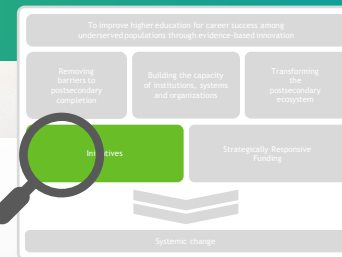

New Approach

ECMC Foundation grantmaking, PRIs and programmatic activities support the Foundation’s **three strategic priorities**, guided by its mission statement.

Focus on **initiatives**—thematic areas where we commit to strategic grantmaking, investing, learning and partnership over a multi-year period—and **strategically responsive funding**.

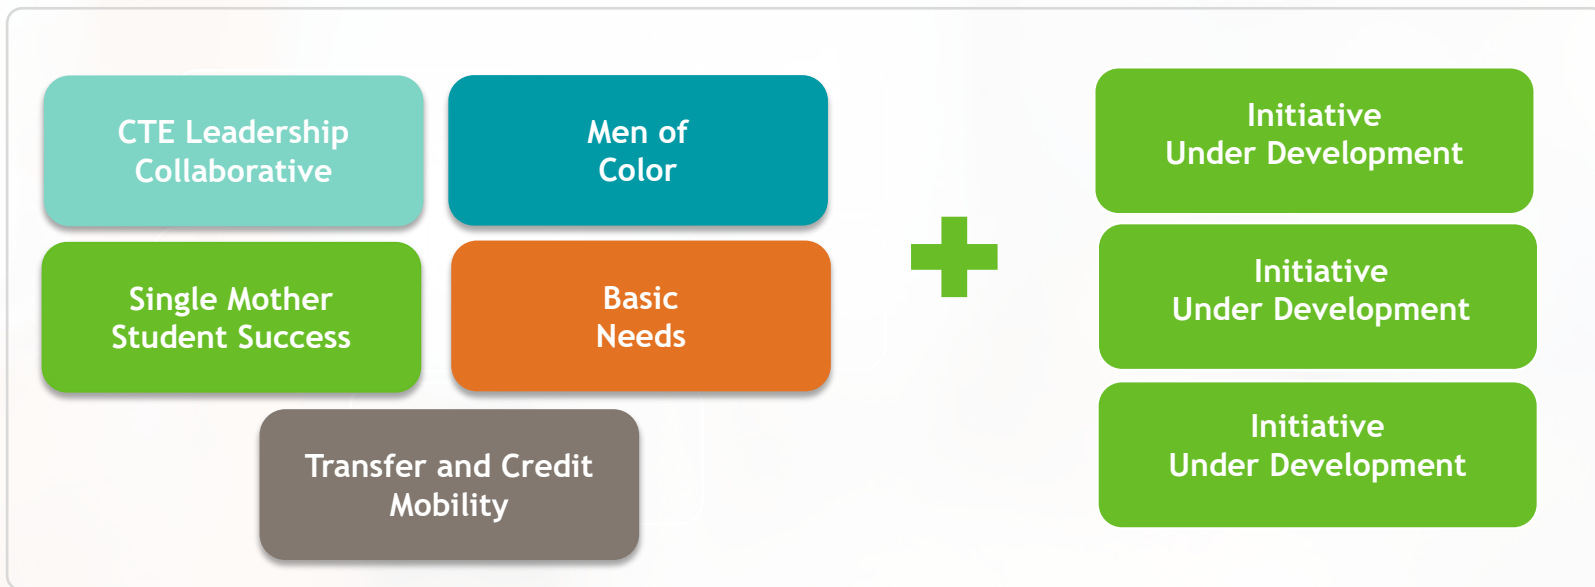

Drive **systemic change**—getting at the root causes of the complex challenges in higher education, not just the symptoms.

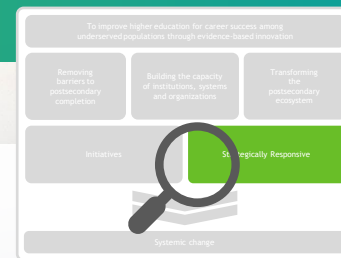

Initiatives

FUTURE

Strategically Responsive Grantmaking

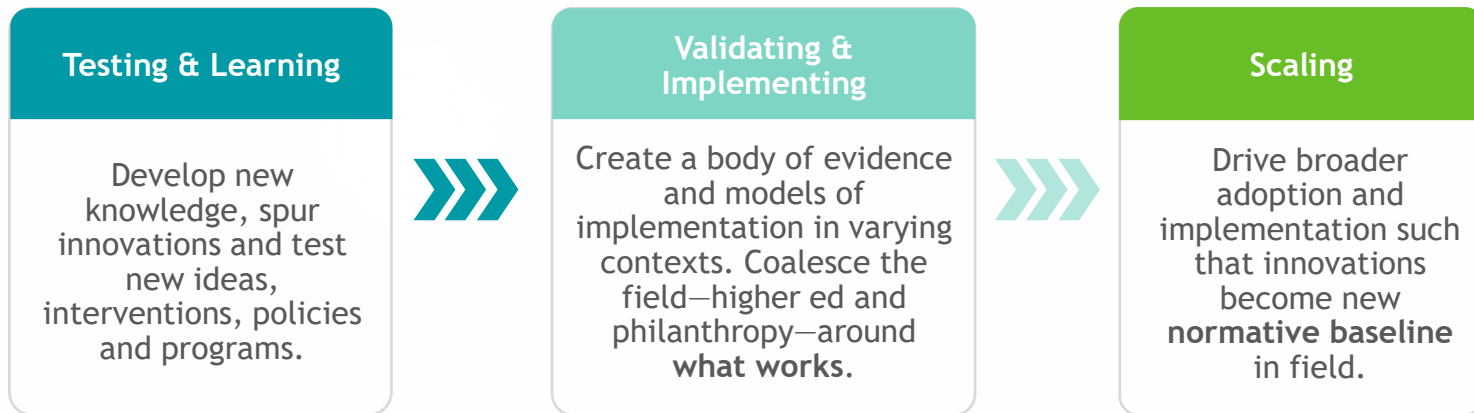

Reserved funding for other projects

20-25% of grantmaking budget

Flexibility to adapt as higher education landscape evolves

Modeling an Evidence-Based Approach to Systemic Change

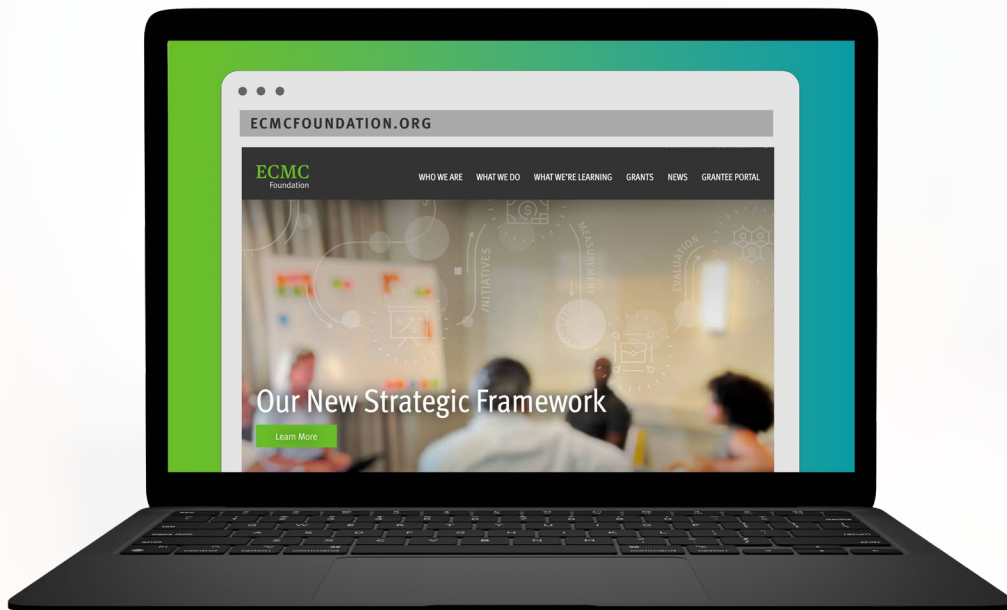

How to Apply

- ECMC Foundation accepts LOIs on a rolling basis
- Submit LOI online - same process for all requests
- Foundation will determine if your request fits within an initiative or falls under strategically responsive grants
- LOIs that most closely reflect ECMC Foundation's strategic priorities will be invited to submit a full grant proposal
